At the last regular meeting of the Hancock County Port and Harbor Commission held April 10th, the commission gave approval on resolution concerning the West Hancock County Harbor and Industrial Area.

mission approval was accepted on the plans and specifications of Fromberg Engineers on contract No. 7, construction of water mains, West Hancock

County Harbor and Industrial Area and recommendation was also approved on sending this to the Board of Supervisors for their approval.

James T. Roberts has been reported arrested in New Orleans Tuesday and booked with being a fugitive from justice in connection with a Hancock County accident which was fatal to a young Florida couple. Roberts allegedly left the scene of the accident which occurred about 2 a.m. Monday about five miles east of Pearlport on Hwy. 90.

Killed were Michael McNaughton, 17, and his wife, Janet E. Main, 16, both of Panama City, Fla. Injured were a five-year-old sister of Mrs. Main, Theresa Edwards, also of Panama City, Joseph Stephen Acker, 17, and Joe Norman Hammond, 17, both of Elberton, Ga., friends of the fatally injured couple. All were passengers in the car which Main was reportedly driving east toward Florida, and which landed bottom side up about 100 yards from the point of impact with the Roberts' vehicle which was going west.

The three injured persons were admitted to the Hancock General Hospital for treatment where the Edwards girl was reported as discharged on Wednesday, and the two youths' conditions described as satisfactory.

Investigating officer James B. Woodfin of the Mississippi Highway patrol traced the second car to its owner, Wray Gill, a New Orleans attorney, who allegedly loaned the automobile to Roberts. Roberts, 44, was reported arrested by New Orleans police about 4:15 a.m. Tuesday at Gill's home.

## Bay High Seniors May Apply for GM Scholarships

Bay High Seniors may apply for General Motors scholarships, according to Billy Sills, High Guidance Director. General Motors recently announced the continuation of its Scholarship Plan by making available 283 scholarships to Bay High seniors for the fall of 1969. The awards will be made to entering freshmen and may be renewed through senior year. The awards are for those with satisfactory records. While the participating colleges have full discretion in the selection of GM scholarships, they have been asked to give preference to those applicants who look forward to careers in industry. For example, those students which offer programs in engineering are urged to apply.

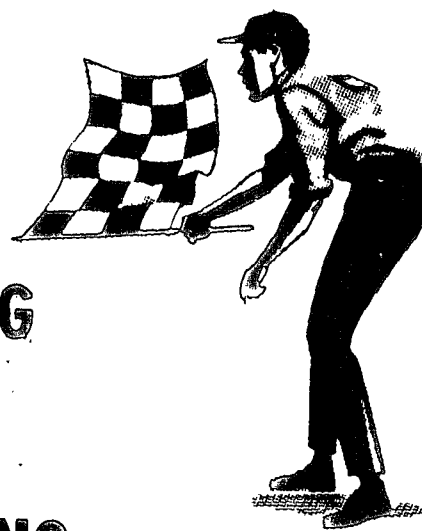

ed to select qualified young people who are interested in this field of study. Colleges which do not offer degrees in engineering are being asked to select students in business administration, economics, mathematics and science. General Motors established its Scholarship Plan in 1958 with the guidance of leading educators. Its purpose was to help bring to the fore young men and women with the ability and potential for making substantial contributions in many fields to the security and progress of the United States and the world. Since that time, General Motors has helped more than 5,000 able students to go to college, including 1,284 currently enrolled. There have been ten graduating classes of GM scholars to date, over half of whom finished in the top five percent. The majority of the GM scholars continue their education at the graduate and professional levels. Many of these talented young people are already beginning to make substantial contributions to their professions and communities.

GM scholarships are awarded by the 148 private and 92 public colleges and universities participating in the GM Scholarship Plan. These institutions are located in the 30 states, the District of Columbia and Puerto Rico. Their scholarship committees review the applicant's secondary school records, available entrance test scores, participation in extracurricular activities and leadership traits. Stipends range from \$200 to \$2,000 per year depending on demonstrated need. Applicants must be citizens of the United States.

Interested students see their principal or counselor for a complete listing of the participating colleges, then apply directly to the institutions of their choice. No GM application is necessary.

**Better Land Use Means  
 Better Yield for Owners**

Land in southern Mis-  
 sissippi, as in most other areas,  
 is growing in value by leaps and  
 bounds. With this increase in  
 value comes the inevitable in-  
 crease in taxes. For this rea-  
 son, it is important that the land  
 be fully utilized in crops that  
 will yield the greatest profit  
 to the landowner.  
 Most of Pearl River and  
 Hancock County is in row crops,  
 pasture, or managed timber  
 stands, but some is not in pro-  
 duction of any crop. These non-  
 productive areas are costing the  
 landowners money, and should  
 be put into production as soon  
 as possible.  
 Since many of these non-  
 productive areas are in this  
 condition because of the own-  
 er's inability to look after the  
 land as needed, it is recom-  
 mended that these areas be  
 planted to trees. No other crop  
 requires as little time as tim-  
 ber. This makes it ideal for  
 landowners who are unable to  
 look after their land because  
 of the time involved, or for  
 any other reason.  
 On good sites, timber grow-  
 ers may realize as much as  
 six dollars per acre per year  
 over a 25-year period. This in-  
 come will be somewhat higher  
 over a longer period because of  
 the higher value products which  
 can be harvested.  
 In addition to non-productive  
 areas, Pearl River and Hancock  
 Counties also have areas which  
 are presently stocked in timber,  
 but which need to have a  
 management program initiated  
 to realize the maximum poten-  
 tial of the land. The Mississippi  
 Forestry Commission is avail-  
 able to offer advice and as-  
 sistance in any phase of forest  
 management. To take advan-  
 tage of this service, contact

## Billy Graham Crusade Planned for Gulf Coast

Plans have been announced for the Gulf Coast Crusade for Christ in cooperation with the Billy Graham Evangelical Association. The Crusade will be held in the Biloxi Stadium from July 20 through August 1, according to an announcement made by Dr. Robert C. Dubs, the First Presbyterian Church, Biloxi, crusade chairman.

Leading the Billy Graham Team in the Gulf Coast Crusade will be Evangelist Grady Wilson, lifelong friend and associate of Billy Graham. Dubs said planning for the Crusade has been underway for the past several months, and over 100 Gulf Coast Churches are actively working with the 23-member executive committee in making preparations. The Crusade will be non-denominational, and the entire religious community on the Gulf Coast is invited to participate, says the chairman.

The executive committee is composed of ministers and lay leaders from many denominations and all areas of the Mississippi Gulf Coast. Vice-chairman for the Crusade include: Rev. John McCay, First Methodist Church, Gulfport; Rev. Nathan Walker, First Missionary Baptist Church, Pass Christian; Rev. Jerry Estes, New Hope Baptist Church, Gulfport; Rev. Justin Garrett, Emanuel Baptist Church, Biloxi; Jim McDonald, Methodist lay leader, Bay St. Louis; and Rev. J.W. Brister, superintendent of Baptist Missions, Long Beach.

In addition to Evangelist Grady Wilson, the Billy Graham Team will consist of Steve Musto, music director; Ted Cornell, accompanist; and Hank Beukema, who will work with the local crusade organization to plan the event.

Rev. Dubs said the executive committee has taken the necessary steps to incorporate as a non-profit corporation under state law, and that funds to offset Crusade expenses will be raised by advance contributions, as well as offerings during the Crusade. Offerings made on the last two nights of the series will be designated for the Graham radio program, Hour of Decision.

Immediate plans call for the opening of an office, probably in Biloxi, to serve as Crusade headquarters.

An orientation meeting of ministers is set for April 23 from 9 a.m. to 12 noon at the First Presbyterian Church in Gulfport. All clergymen are invited to this meeting to discuss crusade plans.

## Libraries in State Grow

Libraries of all kinds, public, school, college or university, are being established at an unprecedented rate in Mississippi, according to J. C. Redd, Jackson, chairman of the State Citizens' Committee for National Library Week.

"Just twenty years ago only 10% of the people of Mississippi had access to a public library. Libraries in the schools were scarce and inadequate. The college libraries fell far short of meeting the needs of students and faculty. Only a handful of special libraries existed," said Mr. Redd.

Today the picture is being rapidly changed. One of the 82 counties in Mississippi now have public libraries. Many of these libraries not only books but magazines, newspapers, art reproductions, phonograph records and other materials. Many of the libraries are in discussion groups, and in art appreciation, music, recreation, special instruction for illiterates, movies, presentations, speed reading and other courses. Some duplicating facilities and microfilm readers.

In 1965 the picture is being rapidly changed. One of the 82 counties in Mississippi now have public libraries. Many of these libraries not only books but magazines, newspapers, art reproductions, phonograph records and other materials. Many of the libraries are in discussion groups, and in art appreciation, music, recreation, special instruction for illiterates, movies, presentations, speed reading and other courses. Some duplicating facilities and microfilm readers.

While public libraries have been enjoying gradual development throughout the state in the last two years, school libraries have almost jumped into existence. In 1945 the state employed a school library supervisor for the first time. In 1965 federal funds became available for the development of school libraries. Combined, these two factors led to the establishment of libraries in elementary schools and to the overall improvement of existing libraries in schools. "Today we have a great number of young people in colleges and universities in our history," Mr. Redd pointed out. "College and university libraries have had to keep pace with other expanding college plans. We have three times as many books in our college and university libraries as we had 20 years ago."

He added that five of the twelve senior colleges have erected new library buildings since 1948.

In addition to these rare libraries in the state offer services ranging through fields of knowledge such as hydraulics, soil mechanics

being space to properly store instruments.

Bob Hamilton, president of the school board told the two spokesmen for the booster club that this problem would be looked into and would be discussed at length at a later date by the board.

In other action at the meeting approval was given on the recommendations made by J. D. McCullough, superintendent of schools, for the re-signing of teacher contracts for next year. Those who received approval by the board for another year's contract are listed as follows: Valena C. Jones Elementary School;

Mr. Rogers James, Principal; Mr. Michael R. Bowers, Math; Mrs. Shirley H. Price, French and English; Miss Doris C. Bullock, Librarian; Mr. Dan Frederick, 6th and Social Studies; Mrs. Lula James, 8th grade; Miss Deloris A. Ross, 3rd grade; Miss Bettina Hall, 2nd grade; Mrs. Minnie L. Ausmeyer, 1st grade.

Those to receive contracts at other schools within the system are as follows:

Mr. Tommy Brooks, Vocational Coordinator, Senior High; Mr. Willie Bradley, Jr., Assistant Coach, Mary Lowry, 4th Grade, English, Junior High; Mrs. Ada Gray, Music - North Bay Elementary; Mrs. Susan Souzanna, 1st Grade, North Bay Elementary; Mrs. Rachel Walton, 2nd Grade, North Bay Elementary; and Mrs. Courtney C. Lolascano, 2nd Grade, North Bay Elementary.

## Republican Women Plan Meet

Also traveling from the Washington, D.C., headquarters will be Mrs. Norman Armistage, southeast regional chairman; Mrs. R. J. Miller, staff worker, congressional committee on 1970 campaigns; Mrs. Charles Leete, campaign activities chairman; Miss Georgia McNemar, program chairman; and Mrs. George Priest, youth activities chairman.

Thomas C. Harvey, Jr., an attorney from Columbus, Miss., will be guest speaker at the banquet which will be held on Monday evening, April 28.

Host for the convention will be the Republican Women's Club of Harrison County, Mrs. Bobbie Nichols, president.

We care where our product is served.

Bear served in pleasant and wholesome surroundings is the aim of the United States Brewers Association. And we are always striving to do something about it.

The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served. This USBA effort means even more enjoyable places for America's great beverage of moderation.

MR. AND MRS. RICHARD GOSWICK ARE SHOWN WITH LAMAR-LANE SALESMAN J.C. KOENEN AS THEY TAKE DELIVERY OF THEIR NEW PICK-UP TRUCK.

Mr. and Mrs. Richard Goswick of Biloxi started having trouble with his old car so they decided to trade it in on a new one, since his wife had her own car they decided that a pick-up would serve them best as a second car. Sure enough Lamar-Lane Chevrolet had just the truck they wanted and J.C. Koenen made them by far the best deal of anyone. The Goswicks highly recommend Lamar-Lane Chevrolet and J.C. Koenen to all of their friends.

## Awards Offered Young Composers

The project was recently announced by the UHM School of Fine Arts, and is made possible by a grant from the Mississippi Arts Council, Mrs. Shelby Rogers, director.

Talented high school students throughout the state have an opportunity to win cash awards and/or scholarships by submitting original compositions to the music department at the University of Southern Mississippi.

Dr. Albert Gower, teacher of composition is assisting Dr. David Folz, chairman of the Department of Music, in the project. According to Dr. Gower, compositions for any combination of voice or instrument will be considered. A complete set of parts should accompany each entry. Final selections will be made by a music faculty committee.

"The response so far has been good," said Dr. Gower, "but we would like to have more." Compositions for piano, chorus and instrumental groups have been received.

The purpose of the project, as explained by Dr. Gower, is to encourage creativity in young people. "We do not expect anything big," he said. "Any small piece of original work for any combination of voices or instruments will be acceptable. We even accept popular music. It does not have to be so-called 'serious' music. If enough compositions are received they will be performed on campus later."

ATTENDANCE AWARD was presented recently at the Blue and Gold Cub Scout Banquet to Mrs. Marion Beal for having the most parents in attendance at the affair. Bob Fleming is shown presenting the award to Mrs. Beal. (Photo by Fayard.)

## BUEFORD E.

## PARKER

ANNOUNCES FOR

## MAYOR

CITY OF BAY ST. LOUIS

IN MAY 13 ELECTION

Ladies and gentlemen, at this time I would like to announce my candidacy for the office of Mayor of Bay St. Louis.

My full name is Bueford E. Parker. I'm the son of Mr. & Mrs. Givens Parker. I am married to Eva Leta Downey, formerly of Corsicana, Texas. We have three children, Don, a junior at Southern, Monica 7, and Bonnie 5.

I have lived in Bay St. Louis since I was ten, except for my time in the service. I served 2 years in the Marines during World War II and I enlisted in the Air Force during the Korean conflict and served 8 years. Since then I have been in the grocery and service station business.

To set things straight, I am strictly against the present administration, as I can not see one thing that they have done in the past four years except hurt Bay St. Louis.

First of all I would like to set the minds of all city employees at ease and stop the rumors that I would fire all the present city employees. What I said is this if you work you stay, if you don't then you go. In fact I intend to do all I can to see to it that all employees will receive no less than \$2.00 per hour and paid every week.

As for the Police Dept., they are under paid, under staffed and under trained. They have almost twice the area to patrol with the same amount of personnel.

The Fire Dept. should be 90% volunteer, plus two other stations, one in South Bay and one in West Bay.

As for the people of the new annexed area. They are paying through the nose in taxes for garbage pick up which is about all they get. They shouldn't have to pay but half as much city taxes until the city can provide water, gas and sewer service.

As for our school system it could stand some personnel changes. We have some well qualified men from here that could do a fine job with our school system, but they have to leave to seek employment elsewhere.

I intend to fight my whole term of office, if elected, to lower taxes. Our present administration will tell you that they haven't raised taxes in four years and they are right, but they have raised your property assessment, which is like asking, which came first the chicken or the egg.

I think that we should replace the complete present administration. So I'm asking for your vote and support. If you can't vote for me, then vote for someone with your interest at heart and wants to get Bay St. Louis back where it was, and then press forward.

## You Have to Practice Win in Flying Scots

In order to win regattas in Flying Scots--you have to practice. So says L.C. Kirkland, newly-appointed committee chairman for the 1969 Lipton Regatta, we are to meet the challenge of the best racing skippers to the complexities of Scot handling our normal summer program. The logical way to accomplish this seems to be an immediate expansion of Scot fleet," Argus continues.

The Lipton Regatta, an annual contest in which all yachts belonging to the Gulf Yacht Association participate, is scheduled to be held on the weekend of the New Year's event. A recent fry dinner party for club mem-

GYA ruling requires that, starting this year, the competition for the Sir Thomas Lipton Cup will henceforth be held in the Flying Scot class. Racing sailors associated in the GYA organization generally concede that the Lipton Regatta is the "big one," the winning Yacht Club receiving tacit recognition of being "best" on the Gulf Coast. "The entire thrust of our racing season should point toward winning that regatta," Argus concludes.

Fleet expansion prospects appear excellent at this time. At a recent meeting the Board of Directors of the BWYC voted to allocate funds for the purchase of a second Flying Scot. In addition, the Club's Entertainment Committee is contemplating a fund raising fish fry dinner party for club mem-

Barbara Mobley and son Bobby and Michael, all of Mississippi City. Another daughter, Gladys Bassett and husband Lamar also drove over from Pascagoula.

LOUIS AND JOE Wymers welcomed as guests - granddaughters Rene and Cheryl the week before Easter. They joined a large group of friends for a picnic at Delisle during the young ladies visit.

THE WYMERES entertained at dinner Wednesday night, April 15, honoring Naomi (Mrs. Hack) Doyle on the occasion of her about 30th birthday.

TONY PIAZZA briefly visited his usual haunts while on a three day pass from Veterans Hospital in Biloxi last week. He'll soon be home permanently.

JEANNIE AND FRANK LaRosa hosted a large Easter dinner for approximately 50 members of their immediate families at their Pass Christian home.

MISS CHARLOTTE GORDON of Bridgeport, Conn. is the guest of her brother Ray and wife, Marie Gordon. She arrived in New Orleans via plane Friday after spending two weeks with her sister in Chicago.

FATHER CLIFFORD Meador, pastor emeritus of St. Peter's Church in Grenada, Miss., was the weekend guest of St. Clare's new pastor, Father Maloney.

ELVA ANDERSON, who made many friends locally when she worked with the wardrobe department during the filming of This Property is Condemned, will soon begin instructing sewing classes in the Bay. Elva will instruct her students in the Bishop Method which sounds most interesting, and even better, easy. Classes will begin at the Webb Community Center on Tuesday, April 15. For further information phone 452-4676.

CLEMENCE CUEVAS is proudly showing old friends pictures of his lovely wife and three children while spending a 30 day leave here. He is stationed in Germany with the U.S. Army and returned to the states to be a part of the wedding of his daughter, Betty, who has been on the critically ill list at Hancock General Hospital.

OMEGA AND HASWELL Swasey drove down from Jackson to spend the weekend in their Hillcrest Street home.

HONEYMOONERS Rose and 'Dede' Gansard took off for the Smoky Mountains immediately after they were quietly wed at St. Clare's last Monday. They plan an extended trip and the itinerary will include a visit to Nashville, Tenn. where they will view the Grand Old Opry.

IVA MAY (MRS. JOHN) McDonald was senior medalist honors in the women's state golf tournament, which was in reality held Easter week at Pass Christian Lakes—not the previous week as we booby boomed in the April 10th column. Winners were presented awards on Sunday afternoon.

THELMA AND GEORGE Ruge were among the many New Orleanians spending the weekend in Waveland.

EDDIE ENGELHORN beams with fatherly pride when telling friends of the promotion of his older son, Buddy, to detective sergeant after only eight years with the law enforcement department in Baton Rouge.

BETTY AND JACK Gordon who spent Easter on the coast, leave Friday for a three week trip to Europe.

YVETTE ANDERSON, son George, his wife Janet and daughter Stacey spent the Easter holidays in Little Rock, Ark. where they visited Yvette's brother-in-law and sister Mr. and Mrs. F. L. Cook. They were joined by her other son Marcel, wife Shirley and daughter Terri, who live in Atlanta, Ga.

FRITZ GARCIA, JR. returned to classes at St. Clare's on Monday for the first time since he fractured his hip in one of the jumping events during field day at the school.

A GET WELL wish goes to Alton Steffiel who is a patient at Touro in the Crescent City. Alton underwent two operations for the amputation of his leg. Mrs. Steffiel was also recently seriously ill, but says she's feeling quite well now.

THE BEAUTIFUL Jade ring adorning Andre Arceneaux's little finger was his 10th wedding anniversary gift from wife Jean. They celebrated the occasion on April 4.

OUR ANGIE, (Mrs. Jake) Morreale hasn't had any new adventures of late due to the fact that both she and son Greg are suffering from mononucleosis. The malady, most common in teenagers among whom it's known as the 'kissing disease', seems to be attacking a number of local residents who hardly fall into the junior age category.

LEAH AND IKE LANG spent Easter Sunday with a group of New Orleans notables including Mayor Schiro.

FORMER WAVELAND resident Bill Yenny and Joe Lala braved Sunday's torments and drove over from New Orleans to pick up Joe's 'new' station wagon.

THERE WERE no duplicate bridge club results in last week's Echo due to the fact that games were postponed as one of the directors, Mildred (Sis) Means was under the weather and the other, Tom Amador was out of town.

COMPLAINT CORNER - Once again Central Avenue has become a speedway. Construction has slowed Beach Boulevard traffic to a more sedate pace, but drivers are making up any lost time on 'the back road'.

Most of the speed limit signs have disappeared—replacing these warnings might help, at least a little anyway.

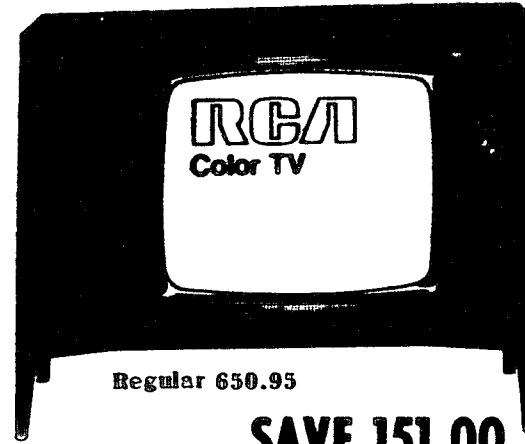

SIGHTS AND SOUNDS A- LONG THE WAY - Tiny white wild flowers popping out on newly mowed lawns each time another April shower falls; a small boy dressed in one of those popular prim sweet shirts, jeans, and wearing his baseball cap 'hind part before' proudly clutching his new pet—a rather large, wiggly black snake; grape-like clusters of wisteria climbing to the tops of towering pines and the sound of thousands of lively rain frogs chanting their seasonal symphony loudly already steadily dripping slugs.

**Miss LeBon Marries Dorsey on Sat.**

Church of the Most Holy Name of Jesus, New Orleans, was the setting Saturday for the marriage of Miss Susan LeBon, daughter of Mrs. Lawrence J. LeBon, Jr. of Waveland, Orleans, to Mr. Michael Dorsey of Corpus Christi, Texas, and New Orleans. The groom is the son of Charles Edward Dorsey and Mrs. Dorsey of Corpus Christi, Texas. The Rev. Louis A. Poche, S.J., officiated at the ceremony.

The bride wore a dress of English net fashioned in design. The gown was appliqued with lace and had with seed pearls and clusters. Her illusion veil was by a matching pearl gown. She carried a bouquet of cascading stephanotis, lily of the valley and baby's breath.

Attendants for the bride were Miss Margaret Burke of New Orleans, Frank Baker Arnesen of Lafayette, La., and Misses Susan Mary, Irma Marie Stanley, and LeBon, sister of the bride.

Attendants for the groom were Messrs. Thomas Earl Barone, Jr., Raymond Jacob Fuchs, Anthony James Schlosser, Jr., Robert J. Young, and Lynn B. Hughes, all of New Orleans, and Carl E. Williams of Corpus Christi, cousin of the groom, Thomas George Walsh of Greenville, Miss., Richard S. Frey of Atlanta, Ga., and William Robert Bishop of Baton Rouge.

A reception was held immediately following the ceremony at 2504 Prytania. Receiving were Mrs. Lawrence Joseph LeBon, mother of the bride, and the groom's mother, Mrs. Charles Edward Dorsey.

For her daughter's wedding Mrs. LeBon chose a three-piece shell pink Alastine suit. The neckline of the blouse was heavily encrusted with bugle beads and crystals. She wore a pink organza hat and matching pink shoes and purse. Her corsage was of white phlox and pink orchids.

Mrs. Dorsey wore a dress of ice blue lace with matching shoes, bag and hat. She wore a corsage of white orchids.

For their wedding trip to an undisclosed location the bride wore a suit of white linen with a navy blue sailor jacket and white straw hat with navy, red and gold scarf accented by navy accessories. She carried a nosegay of baby's breath and stephanotis.

Upon their return the young couple will reside in New Orleans.

# A LIGHT SHINES *in the* CHURCH WINDOWS AMAZED...

I tell a few war stories—just like the rest. The censorship of good taste and modesty makes my experiences pretty drab. But Jerry thrills to them. He's proud of his Dad's Purple Heart!

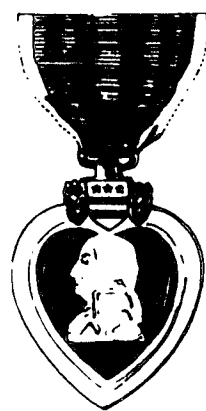

My son would be amazed if I were to tell him the stories we never tell, our thoughts as we hit the beach . . . what it was like in those jungles . . . what war does to its dead . . . and its living.

And in other ways Jerry would be amazed; for he doesn't know me as a man who prays often. He can't realize the depth of my faith. He has never met the brave chaplain who brought me in when I was hit.

I'll never tell Jerry all of it. I don't think God wants me to!

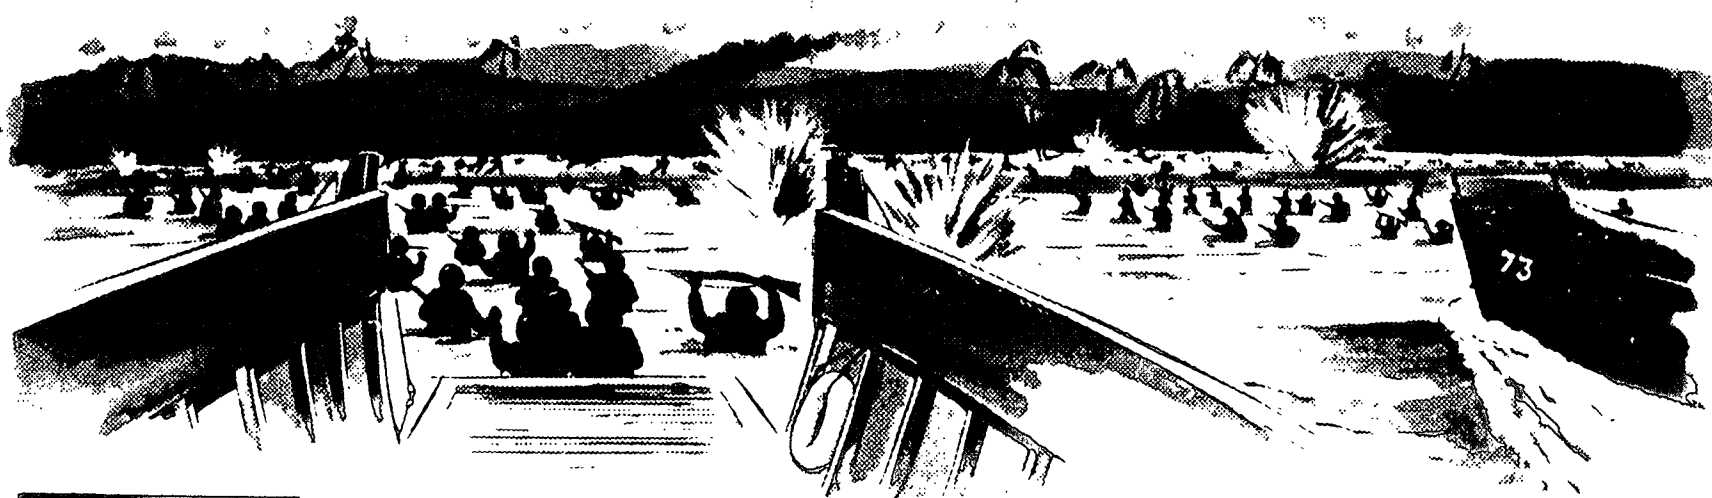

I pray that Jerry's may be a different world. I want him to learn day by day, step by step, what his religion will mean to him!

That's why we're a church-going family!

Getting to be the same old  
song about the weather each  
week. The past weekend like  
about four previous ones it  
rained cats and dogs. The rains  
keep muddying the streams  
making for bad fishing.

The winds have been blow-  
ing at gale force, another hin-  
drance to fly rod fishing and  
casting. However over in Loui-  
siana some good water is found  
at the head of bayous and fish  
are being caught there. Mostly  
bass and perch.

Again Doctor Bertucci, Au-  
gust Raunet and Yours Truly  
caught the limit of bass and  
perch over the weekend. The  
bass are running nice size and  
the blue gills, goggle eyes, and  
other species are running above  
the average.

Did you know that tennis is  
making a come back locally,  
and did you know that there are  
seven courts in Bay St. Louis  
available to local people and  
visitors. Three at St. Stanislaus  
three at Bay High School and  
one at the City Hall. Tennis is  
a good game and more sports  
should take it up.

Among our tennis enthu-  
siasts is Jimmy Ryan. Jimmy  
has always been a good scout,  
playing football, baseball, etc.

According to one who knows  
there is a piece of canvas that  
goes on the top of a tennis net  
which makes visibility much  
better. Without the canvas the  
top of the net is hard to see.  
Resulting in bad shots. The  
tennis net at the City Hall needs  
this improvement.

Good sports always like to  
help a good cause. There is  
going to be a Benefit at  
Trapani's Knock-Knock on  
April 21st at 8 p.m. for St.  
Henry's Church, off the Kiln  
Road. Be a good sport and  
help this cause. It's a worthy  
one.

Ever heard of a fox trap?  
Well Al Kingston is making one  
to put on his country land. It is  
made on the same principle as  
a coon, quail, or rabbit trap,  
too big to catch most small  
animals or birds. Al says that  
fox are destroying plenty of  
game and a dead fox is a good  
gift. Let's join Al in helping  
to get rid of fox.

Joe Collier loves his fish-  
ing, especially for fresh water  
fish. He goes on every occa-  
sion and usually gets his share.

We have been told that a  
sidewinder with a cream color-  
ed rubber worm makes a mighty  
good bait for catching speckle  
trout.

George L. Souzenuau also  
claims that a sidewinder with  
a yellow buck tail will also  
catch speckles, red fish and  
other salt water fish. Speckles  
are crazy enough to hit any-  
thing when feeding.

We keep running across a  
lot of good fishermen. Joe Troy  
is one of them. Joe gets his  
share of fish and spends a lot  
of his time on the water. Know  
anything better?

In the old days most fisher-

men caught green trout and  
perch by still fishing with a  
perch pole using crawfish, earth  
worms, etc. Today the smart  
ones like Mike Necaise are fly  
fishing and catching plenty of  
fish. Take up fly fishing, it's  
a wonderful sport.

When we think of mullets, we  
think of a cast net for getting  
them. Nowadays mullet are be-  
ing caught by still fishing up  
our local rivers and bayous.  
Some claim that mullets and  
toasted French bread are hard  
to beat when it comes to eating  
fish.

Dan and Pat Haggerty with  
Pat Fanning came over Sunday  
to do some fishing but were  
rained out. Come back again  
fellows. My mother always told  
me that there would be better  
days.

Was good to see Tony Piazza  
out from the hospital over the  
weekend. Better get out soon  
Tony, soft crabs are being  
caught.

Speaking of soft crabs they  
are beginning to shed. Won't  
be long before they will be  
plentiful. Better fix up that  
old light and get ready to go.

There will be plenty of fish-  
ing for votes within the next  
six weeks. Candidates are on  
the prowl and different kinds  
of baits will be used.

Saw Brother Roland and  
some other Brothers up the  
river the other day. The fish  
had better be on guard as these  
fellows catch a lot of them.

Fish should have a rest now  
that Roy Garner is not here. He  
is on a trip up north but will  
be back shortly. He is ready  
to go fishing on every occa-  
sion. One of his favorite fishing  
spots is quail ditch.

Like a lady's purse, a  
fisherman's tackle box can be  
expected to contain just about  
anything—essentials as well as  
apparent junk. Most fishermen  
have plenty of baits which they  
never use. They are things to  
show off. The real fisherman  
can carry about five of the most  
popular baits. For instance, a  
couple of popping bugs, a couple  
of surface plugs and one under-  
water bait. If you don't catch 'em  
with these baits you won't get  
them. This is the experience  
of old time fly and casting an-  
gler.

Remember to keep that fish-  
ing knife sharp. A dull knife is  
more dangerous than a sharp  
one.

Smart fishermen carry a can  
of sardines, or a can of Vienna
